

Connect intentionally with your team for virtual chats.

Coffee Talk
by Airspeed

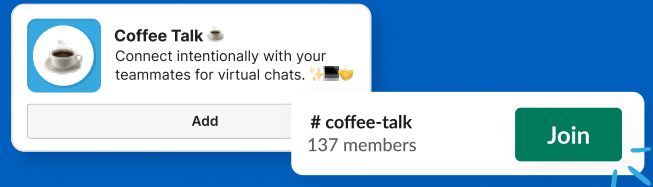

✔ Improved collaboration

✔ Increased engagement

✔ Better inclusion

How to get started

- 1 Install the app and add to a new Slack channel, #coffee-talk. Pick your matching cadence (we recommend every 2 weeks).
- 2 Share the channel with teammates or add team members.
- 3 Fill out your match profile to get the best matches. Encourage your team to add their details!
- 4 You'll automatically receive your matches. Connect your calendar for easy scheduling.

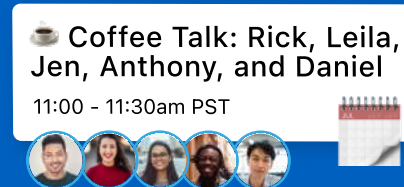

What type of people are you interested in meeting with?*

e.g. Engineers, Customer Success reps, people in New York.

What are some topics you would like to talk about?

e.g. AI, sports, productivity, podcasts, product design, travel, and live music.

Key features

 AI-powered matchmaking

 AI-powered conversation starters

 Google Calendar integration

 Seamless Slack Integration

When you're trying to build culture, it's hard to carve out time. With Coffee Talk, being able to connect your calendar and the conversations starters make it easy to set it and forget it.
